SUBJECT INDEX

ACTH, low dose synthetic, challenge test. Use of, in normal and prednisone-treated dogs 240
Age related haematological changes in captive Barbary sheep *(Ammotragus lervia)* 118
Age specific prevalence and intensity of *Schistosoma bovis* infection in Sudanese Desert sheep in the White Nile Province 120
Albumin — Serum albumin values from healthy cattle, sheep and horses determined by the immediate bromocresol green reaction and by agarose gel electrophoresis 58
Amniotic sac, in cattle, Method for chronic catheterisation of 116
Anaesthesia, glyceryl guaiacolate-thiopentone sodium, in buffalo calves, Physiological and biochemical effects of 53
Anthelmintic, water soluble, Comparison of three routes of administration of: levamisole 122
Antibody response in bovine pharyngeal fluid following foot-and-mouth disease vaccination and, or, exposure to live virus 206
Arthus reaction, active, in the chicken, Pathology of 259
Aujeszky's disease virus, Serological response of pigs infected with 227

Babesia divergens, Chemotherapy of, in the gerbil, *Meriones unguiculatus* 318
Babesia divergens, infections, acute and mild, of adult cattle, Serum carboxypeptidase B levels during 370
Babesia rodhaini mouse assay, Development of, for quality control of the serum component of a bovine babesiosis vaccine 331
Bacteroides nodosus, Detection of the extracellular proteases of, in polyacrylamide gels: a rapid method of distinguishing virulent and benign ovine isolates 171
Bacteroides nodosus, Effect of pilus dose and type of Freund's adjuvant on the antibody and protective responses of vaccinated sheep to 130
Bile flow, bile salt secretion and the excretion of iron, copper, zinc and manganese in the bile of calves infected with *Fasciola hepatica* 69
Biochemical and physiological effects of glyceryl guaiacolate-thiopentone sodium anaesthesia in buffalo calves 53
Blood from arterialised capillaries in the ears of calves, Use of, for the analysis of pO_2, pCO_2, pH and bicarbonate 124
Brucella abortus, Interaction of specifically purified isotypes of bovine antibody to, in the haemolysis in gel test and enzyme-linked immunosorbent assay 14
Buffaloes — Testicular cells in hybrid water buffaloes *(Bubalus bubalis)* 253
Bursal disease vaccines, inactivated oil emulsion infectious, Use of, in breeder chickens to prevent immunosuppression in progeny chicks 114

Caeruloplasmin oxidase, superoxide dismutase and diamine oxidase, Measurement of, in the blood of thoroughbreds 160
Cannulation, Chronic arterial, for studying the skin of sheep 247
Carboxypeptidase B, Serum levels, during acute and mild *Babesia divergens* infections of adult cattle 370
Cardiac arrhythmia on left ventricular and aortic blood pressure parameters in the horse 190
Catheterisation, chronic, of the amniotic sac in cattle, Method for 116
Chemotherapy of *Babesia divergens* in the gerbil, *Meriones unguiculatus* 318
Clenbuterol hydrochloride, Effects of, on certain respiratory and cardiovascular parameters in horses performing treadmill exercise 301
Clopidol/methyl benzoquate and robenidine, Immunity and effect of, before and after weaning on rabbit coccidiosis in the field 211
Coccidiosis, rabbit, in the field, Immunity and effect of clopidol/methyl benzoquate before and after weaning on 211
Colostral IgG_1, absorption of, and Intestinal $K99^+$ *Escherichia coli* adhesion in the newborn lamb: effect of fetal infusion of thyroid hormones 242
Contagious caprine pleuropneumonia caused by the F-38 strain of mycoplasma, Passive haemagglutination and complement fixation as diagnostic tests for 1
Copper, erythrocyte, Use of: zinc superoxide dismutase activity and hair or fleece copper concentrations in the diagnosis of hypocuprosis in ruminants 47
Cowdria ruminantium, Cross immunity between strains of 200
Creatine kinase isoenzyme and lactate dehydrogenase levels in the tissues and serum of normal lambs 325
Cross immunity between strains of *Cowdria ruminantium* 200

Death, intrauterine, and fetectomy, Effect of, on ovine placental lactogen production 22
Diamine oxidase, caeruloplasmin oxidase and superoxide dismutase, Measurement of, in the blood of thoroughbreds 160

Dirofilariasis, canine, Angles of branching and the diameters of pulmonary arteries in relation to the distribution of pulmonary lesions in 353
Dirofilariasis, canine, Clinical presentations of, with relation to their haematological and microfilarial status 364
Dysentery, Swine: protection against experimental challenge following single dose parenteral immunisation with inactivated *Treponema hyodysenteriae* 217

East Coast fever Immunisation against: correlation between monoclonal antibody profiles of *Theileria parva* stocks and cross immunity in vivo 341
Eczema, Feline miliary: megestrol acetate does not suppress immune responses 245
Effector mechanisms in the pig. Antibody-dependent cellular cytolysis of African swine fever virus infected cells 75
Enteropathy, naturally occurring, in the German shepherd dog, Bacterial overgrowth associated with 42
Epidermal growth factor, Effect of, on wool fibre morphology and skin histology 91
Epitheliomas, intracutaneous cornifying, Occurrence and pathology of, in *Mastomys nataliensis*, the multi-mammate mouse 127
Erythrocyte copper, Use of: zinc superoxide dismutase activity and hair or fleece copper concentrations in the diagnosis of hypocuprosis in ruminants 47
Erythrocyte copper, Use of: zinc superoxide dismutase activity and hair or fleece copper concentrations in the diagnosis of hypocuprosis in ruminants 47
Erythrocyte potassium concentration: a simple parameter for erythropoiesis in sheep infected with *Haemonchus contortus* 273
***Escherichia coli*, enteropathogenic, Passive immunisation of neonatal lambs against infection with, via colostrum of ewes immunised with crude and purified K99 pili 234**
***Escherichia coli* mastitis, experimental, Increase in specific opsonic activity in bovine milk following 222**

***Fasciola hepatica*, Bile flow, bile salt secretion and the excretion of iron, copper, zinc and manganese in the bile of calves infected with 69**
***Fasciola hepatica*: the flukicidal effect of some anaesthetics and analgesics in common use 251**
Fat absorption, Quantitative assessment of, and its diagnostic value in exocrine pancreatic insufficiency 249
Fetal tissues, Influence of insulin and substrate concentration on protein synthetic rate in 35
Fetectomy and intrauterine death, Effect of, on ovine placental lactogen production 22
Foot-and-mouth disease, Histological and histochemical characterisation of cows infected with, by contact exposure 106
Foot-and-mouth disease vaccination and, or, exposure to live virus, Antibody response in bovine pharyngeal fluid following 206

Gastrointestinal helminthiasis, ovine, Control of, by the use of 'clean' grazing and strategic dosing in the field 100
Glucose-induced insulin secretion, Inhibition of, by somatostatin in goats 19
Glyceryl guaiacolate-thiopentone sodium anesthesia in buffalo calves, Physiological and biochemical effects of 53
Grass sickness, Serum protein changes in 165

Haematological changes, Age related, in captive Barbary sheep *(Ammotragus lervis)* 118
***Haemonchus contortus* — Immune exclusion, a mechanism of protection against the ovine nematode *Haemonchus contortus* 357**
***Haemonchus contortus* infected sheep, Stimulatory effects of prostaglandin $F_{2\alpha}$ on faecal egg production in 291**
Helminthiasis, ovine gastrointestinal, Control of, by the use of 'clean' grazing and strategic dosing in the field 100
Histological and histochemical characterisation of mammary gland tissue of cows infected with foot-and-mouth disease by contact exposure 106
***Histophilus ovis*, Bacteriological characteristics of, and its relationship to similar bacteria 25**
***Histophilus ovis* infections of sheep, Clinical findings and pathological changes in 30**
***Hyalomma anatolicum anatolicum*, Natural infection rates of, with theileria in Sudan 87**

Immune exclusion, a mechanism of protection against the ovine nematode *Haemonchus contortus* 357
Immunisation against East Coast fever: correlation between monoclonal antibody profiles of *Theileria parva* stocks and cross immunity in vivo 341
Immunisation, Experimental, of lambs against pneumonic pasteurellosis 80
Immunosupression in progeny chicks, Use of inactivated oil emulsion infectious bursal disease vaccines in breeder chickens to prevent 114
Infectious bovine keratoconjunctivitis, Laboratory model for 277
Insulin and substrate concentration, Influence of, on protein synthetic rate in fetal tissues 35
Insulin secretion, glucose-induced, Inhibition of, by somatostatin in goats 19
Intestinal K99$^+$ *Escherichia coli* adhesion and absorption of colostral IgG_1 in the newborn lamb: effect of fetal infusion of thyroid hormones 242

Keratoconjunctivitis, infectious bovine, Laboratory model for 277
Ketamine, intramuscularly administered, in cats, Influence of premedication with xylazine on the distribution and metabolism of intramuscularly administered ketamine in cats 285

Lactate dehydrogenase and creatine kinase isoenzyme levels in the tissues and serum of normal lambs 325
Lactogen production, ovine placental, Effect of intrauterine death and fetectomy on 22
Leg abnormality, Forms of, observed in male broilers fed on a diet containing 12·5 per cent rapeseed meal 182
Leptospires of the Australis serogroup isolated from free-living and domestic species in the United Kingdom, Serovar identification of 64
Liver, sheep, Effect of propionic acid on urea synthesis by 61

Mammary gland tissue of cows infected with foot-and-mouth disease by contact exposure, Histological and histochemical characterisation of 106
Manganese toxicity, Acute, and the absorption and biliary excretion of manganese in cattle 5
Monoclonal antibody profiles, Characterisation of stocks of *Theileria parva* by 334
Mycoplasma, Passive haemagglutination and complement fixation as diagnostic tests for contagious caprine pleuropneumonia caused by the F-38 strain of 1
Myocardial lesions, Effect of dietary supplementation with stearic acid on the severity of 306

Naphthoquinones — Activity of 10 naphthoquinones, including parvaquone (993C) and menoctone, in cattle artificially infected with *Theileria parva* 347
Neutrophil chemoattractants, Generation of, by phagocytosing bovine mammary macrophages 310
Newcastle disease virus, Freedom of coccidial oocysts from 367

Ovine gastrointestinal helminthiasis, Control of, by the use of 'clean' grazing and strategic dosing in the field 100

Pancreatic insufficiency, exocrine, Quantitative assessment of fat absorption and its diagnostic value in 249
Passive haemagglutination and complement fixation as diagnostic tests for contagious caprine pleuropneumonia caused by the F-38 strain of mycoplasma 1
Passive immunisation of neonatal lambs against infection with enteropathogenic *Escherichia coli* via colostrum of ewes immunised with crude and purified K99 pili 234
Pasteurellosis, Experimental immunisation of lambs against 80
Phagocytosing bovine mammary macrophages, Generation of neutrophil chemoattractants by 310
Phosphorus intake, Effect of, on growth rate, food intake and quality of the skeleton of growing lambs infected with the intestinal nematode *Trichostrongylus vitrinus* 175
Physiological and biochemical effects of glyceryl guaiacolate-thiopentone sodium anaesthesia in buffalo calves 53
Placental lactogen production, ovine, Effect of intrauterine death and fetectomy on 22
Pleuropneumonia, contagious caprine, caused by the F-38 strain of mycoplasma, Passive haemagglutination and complement fixation as diagnostic tests for 1
Pneumonic pasteurellosis, Experimental immunisation of lambs against 80
Potassium concentration, Erythrocyte: a simple parameter for erythropoiesis in sheep infected with *Haemonchus contortus* 273
Propionic acid, Effect of, on urea synthesis by sheep liver 61
Prostaglandin $F_{2\alpha}$, Stimulatory effects of, on faecal egg production in *Haemonchus contortus* infected sheep 291
Protein synthetic rate in fetal tissues, Influence of insulin and substrate concentration on 35

Rapeseed meal, 12·5 per cent, Forms of leg abnormality observed in male broilers fed on a diet containing 182
Robenidine and clopidol/methyl benzoquate, Immunity and effect of, before and after weaning on rabbit coccidiosis in the field 211

Schistosoma bovis infection in Sudanese Desert sheep in the White Nile Province, Age specific prevalence and intensity of 120
Serology for diagnosis and epizootiological studies of bovine respiratory syncytial virus infections 153
Serovar identification of leptospires of the Australis serogroup isolated from free-living and domestic species in the United Kingdom 64
Serum albumin values from healthy cattle, sheep and horses determined by the immediate bromocresol green reaction and by agarose gel electrophoresis 58
Serum protein changes in grass sickness 165
Skin histology and wool fibre morphology, Effect of epidermal growth factor on 91
Skin of sheep, Chronic arterial cannulation for studying 247
Somatostatin in goats, Inhibition of glucose-induced insulin secretion by 19
Spirochaetosis, experimental avian, Observations on the pathology of 138
Stearic acid, Effect of dietary supplementation with, on the severity of myocardial lesions 306
Superoxide, dismutase, diamine oxidase and caeruloplasmin oxidase, Measurement of, in the blood of throughbreds 160
Swine dysentery: protection against experimental challenge following single dose parenteral immunisation with inactivated *Treponema hyodysenteriae* 217
Swine vesicular disease virus, Comparative studies of United Kingdom isolates of 295
Syncytial virus — Serology for diagnosis and epizootiological studies of bovine respiratory syncytial virus infections 153

Testicular cells in hybrid water buffaloes *(Bubalus bubalis)* 253
Theileria in Sudan, Natural infection rates of *Hyalomma anatolicum anatolicum* with 87
Theileria parva, Activity of 10 napthoquinones, including parvaquone (993C) and menoctone, in cattle artificially infected with 347
Theileria parva, Characterisation of stocks of, by monoclonal antibody profiles 334
Transfusion reactions in cats due to AB blood group incompatibility 145
Trichostrongylus vitrinus, Effect of phosphorus intake on growth rate, food intake and quality of the skeleton of growing lambs infected with 175

Urea synthesis by sheep liver, Effect of propionic acid on 61

Vaccine, bovine babesiosis, Development of a *Babesia rodhaini* mouse assay for quality control of the serum component of 331

Wool, fibre morphology and skin histology, Effect of epidermal growth factor on 91

Xylazine, Influence of premedication with, on the distribution and metabolism of intramuscularly administered ketamine in cats 285
